INFORMATION ON THE SERIES:

Each year motocross riders in the great State of Texas have the opportunity to earn their place in history, to be awarded, and acknowledged as a Texas Region Champion in three different Texas Regions: North, Central, and South Regions! From there, it qualifies them to move on to the AMA Texas State Championship Final for the opportunity to compete and be crowned STATE CHAMPION in their respective class!!! Each Region Championship also carries its own prestige and overall awards.

One of the best parts that make the competition even more fierce is you do not have to be from Texas to compete for the Texas Title! The racer can also choose to participate in any district they want!

Awards for 1st through 5th are presented at each Region race. The top five riders who accumulate the most points at the end of each Region Championship Series will receive overall awards for that Region. The AMA North, Central, and South Championship Series overall awards 1st through 5th place are presented at the final round for each region. Riders must be present at the final round to receive overall awards.

Riders must compete in at least 4 of the 5 rounds in the North and Central Regions; riders must compete in at least 5 of the 6 rounds in South Region; and be at the final round to be eligible for overall awards.
